

Education Questionnaire *extraordinaire*

We want to hear from you so we can make your next FCA education experience extraordinary!

Please take a moment to consider the questions below and provide us with any further ideas or comments you wish to share. Our goal is to ensure we make the most of your learning experience whether it be weekend workshops, weekly classes or drop in Outreach sessions.

We have also taken into account the evaluation forms that our many students have filled out after completing past courses. Any further comments are greatly appreciated.
