We need help advocating for artistic excellence and achievement.

In 2019 we are recognizing our gracious donors by **publishing your name** in our exhibition catalogues. Three international exhibition catalogues will announce your contribution to Canadian art. These publications are mailed around the world, displayed by international artists in galleries, studios and artist lead workshops. You can make a tax deductible donation in your name, or in honour of a loved one.

Thank you for building Canada's international arts reputation and supporting our artists.

Do you advocate for artistic  
excellence and achievement?
