On the Edge
July 12 – Aug 1

Open to all artists worldwide, this exhibition is for artists working and thinking a little differently. Submitting artists are encouraged to challenge themselves in their practice, challenge their audience or push the limits of their media for the chance to exhibit on a global stage and win prize awards.

Small
Aug 2 - 15

Painting from the safety of home results in smaller artwork, made in the kitchens, backyards and bedrooms of self-isolating painters.

200 mini-masterpieces serve as a window into the minds of Canadian artists.

Scenes from Western Canada
Aug 16 - 29

A visual celebration of Canada's West Coast, open to all styles and subject matter that is quintessentially Canadian. Think mountain ranges, lakeside views, vineyards, city streets, and Oceanside vistas.

Shape and Form
May 3 - 16

Indulge in the beauty of shape and form. Painters have a choice: do you try to replicate the world accurately, like a photo realist painting, or, do you embrace the flat nature of paint and canvas, thinking abstractedly?

Concept
Sept 13 - 26

Take the guessing out of artwork, and enjoy an exhibition with clear descriptions that show you what is in an artist's mind!

Why does this artist paint? What are they saying with this abstract work?
