FCA Website Renewal Project

July 22, 2026

Dear FCA Members,

The Federation of Canadian Artists is pleased to announce that work will soon begin on a new FCA website and membership platform.

This project has become necessary because Artists Quarter, the platform that currently hosts the FCA website and many Chapter websites, has announced its retirement. To ensure uninterrupted service for our members and Chapters, the FCA will transition to a new, unified website platform.

The new platform will bring FCA and participating Chapters together into a single system, making it easier to manage memberships, exhibitions, workshops, events, and payments. To date, 12 FCA Chapters have agreed to participate in the integrated platform.

The project is expected to take approximately 5–6 months to complete. During that time, the development team will build and test:

- Member and Chapter memberships
- Online membership renewals
- Exhibition and show submission systems
- Workshop and event registration
- Artwork sales and online galleries
- Payment processing and reporting
- Chapter administration tools
- Member self-service accounts

As part of the project, approximately 2,800 member records will be securely transferred from Artists Quarter to the new platform.

Most importantly, members do not need to do anything at this time. Your FCA membership remains active and all existing services will continue to operate while the new website is being developed.

We understand that many members prefer a simple and familiar experience online. Our goal is to make this transition as smooth as possible. Before launch, FCA will provide clear instructions, video tutorials, written guides, and support to help members become comfortable with the new system. Throughout the project, we will share regular updates so members can follow our progress and know what to expect.

Thank you for your patience and support as we invest in a stronger digital future for the FCA and its Chapters.

Sincerely,

Federation of Canadian Artists
