The Third Annual Gabriola Workshop is comprised of some of North America's most recognized artists nestled on the picturesque island of Gabriola off Canada's Pacific coast.

The workshop consists of four groups who spend one day each with the featured instructors plein air painting at various island locations. The fifth day will be spent on the Haven Resort grounds and beach front with all instructors in attendance, working with individuals and small groups.

Join Janice Robertson, Gaye Adams, Alessandra Bitelli, Sue Cowan, Anne-Marie Harvey, Jean Pederson and Myrtle-Anne Rempel for discussions, demos and various topics in the Phoenix Theater each evening.

Robert Genn will be a guest artist, offering a Saturday of individual critiques.
